Molteno & Sterkstroom community newsflash

Q4: Apr - Jun 2025

Key wins

- We're continuing to support ECD centres in Sterkstroom and Molteno through various programmes and services, including ELPT, NCF Trainings, Repurpose for Purpose, and Young Child Forum trainings. These initiatives aim to equip practitioners with the skills and knowledge needed to deliver quality early learning programmes.
- Our recent NCF training sessions have shown promising results, with a 90% attendance rate and positive feedback from participants. The programme's strengths include its responsiveness to children's needs, use of practical examples, and active engagement. Participants have been able to share their learnings, discuss key topics, and practice their skills in a supportive and flexible environment. Additionally, practical homework tasks and continuous assessment have helped to reinforce their knowledge and identify areas where support is needed. Overall, our training programmes are helping to advance the knowledge and skills of ECD practitioners, ultimately benefiting the young children in their care.

Molteno community reach this quarter

- 1,292** Number of **young children** reached through our basket of services
- 34** Number of **ECD practitioners** reached through our basket of services
- 8** Number of **ECD programmes** reached directly through our basket of services
