## Key wins

- Our ACFS Toy Libraries have benefited 28 ECDs by providing them with toys and learning materials, promoting early learning and stimulation for practitioners and children. This initiative has ensured that these ECDs have access to valuable resources, supporting their development and growth.
- The technical community meetings in Rand West Municipality have brought together a diverse range of stakeholders, including local government, education and health departments, NGOs, ECD forums, and community organisations. This collaborative effort is fostering a unified approach to supporting ECD and community well-being across the municipality.
