## Key wins

- ECD centres are making remarkable progress, with classrooms becoming more vibrant and engaging learning spaces. Participants are growing in their planning skills, and some site heads have made significant infrastructure improvements, such as building new classrooms and toilets. The E-Cares Mass Registration event on 2 April was a success, with 11 ECD centres registering at the Bronze Level and 17 principals attending.
- Two Young Child Forum meetings were held, focusing on cancer awareness and ECD compliance. The cancer awareness workshop featured informative presentations from Dr Molefi and two cancer survivors, while the ECD compliance workshop provided ECD managers with the skills and information needed to register their centres. The workshop covered topics such as re-zoning, registration requirements, health and safety, and nutrition for children aged 0-3.
