To Whom It May Concern

LETTER OF ENDORSEMENT

Investec is a distinctive bank and wealth manager operating in two core geographies, South Africa and the UK. Its purpose is to create enduring worth – living in, not off, society.

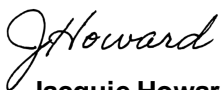

Investec offers lending, transactional banking, treasury solutions, advisory, investment activities and deposit raising activities under the Specialist Banking umbrella and discretionary wealth management, investment and fund management, financial planning, and stockbroking under the Wealth & Investment umbrella. Within wealth management, additional services such as strategic philanthropy form part of the service offering to our clients.

We are aware that the DO MORE FOUNDATION is applying for the Lego “Build a world of Play” grant (a potential amount of \$30m over a 3-year period) with the foundation’s “Everyone gets to play” vision. From what we understand “Everyone gets to play” is a collective impact model leveraging corporate-public partnerships toward sustainable implementation of the National Integrated ECD Policy in South Africa. Using the National Integrated Early Childhood Development Policy (2015) as their road map for scale, the DO MORE FOUNDATION is raising their hands for the challenge.

Investec Wealth & Investment Philanthropy, has and continues to support the DO MORE FOUNDATION's work and as a partner to the Foundation, we endorse their model based on what we have experienced in providing grant funding to them previously and believe that focusing on enabling children to have the opportunity to play and learn by doing should be a priority.

Please let me know if you require any further information

Yours Sincerely,

Jacquie Howard
