Dear Warren

## **Re: Letter of Endorsement – Do More Foundation**

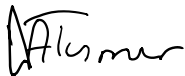

The Muir Foundation is a charitable trust based in Durban. One of the main aims of the foundation is to provide assistance for the education of children.

The Muir Foundation works closely and supports the Do More Foundation as the latter has sophisticated programs and support structures which align well with the aims and objectives of the Muir Foundation.

We endorse and support the participation of the Do More Foundation in Lego's Build a World of Play challenge, and with your proposal that "Everyone gets to play". The focus of the Do More Foundation on early childhood development puts young children at the centre of development and this is consistent with the aim of the Lego competition.

We believe that our support and that of other organisations of this model will have a multiplier effect on the benefits of the Lego award.

Yours sincerely

**Andrew Turner**
